

**राजनीति:** पीएम मोदी के विजन ने आईआईएम जैसे विश्व स्तरीय संस्थानों के निर्माण को किया प्रेरित डॉ. जितेंद्र सिंह

16 July 2024 11:05 AM

केंद्रीय विज्ञान एवं प्रौद्योगिकी राज्य मंत्री (स्वतंत्र प्रभार) डॉ. जितेंद्र सिंह ने कहा है कि शिक्षा के प्रति प्रधानमंत्री नरेंद्र मोदी की प्रतिबद्धता और 'नए भारत' के प्रति उनके दृष्टिकोण ने आईआईएम जैसे विश्व स्तरीय संस्थानों के निर्माण को प्रेरित किया है।

**नई दिल्ली, 16 जुलाई (आईएनएस)।** केंद्रीय विज्ञान एवं प्रौद्योगिकी राज्य मंत्री (स्वतंत्र प्रभार) डॉ. जितेंद्र सिंह ने कहा है कि शिक्षा के प्रति प्रधानमंत्री नरेंद्र मोदी की प्रतिबद्धता और 'नए भारत' के प्रति उनके दृष्टिकोण ने आईआईएम जैसे विश्व स्तरीय संस्थानों के निर्माण को प्रेरित किया है।

जम्मू शहर के बाहरी इलाके जगती में भारतीय प्रबंधन संस्थान (आईआईएम) को संबोधित करते हुए डॉ. सिंह ने कहा कि प्रधानमंत्री मोदी सरकार के तहत भारत की महत्वाकांक्षी पीढ़ी बेहतर दौर से गुजर रही है।

मंत्री ने उपस्थित लोगों से कहा, "स्टार्टअप तेजी से बढ़ रहे हैं और इसके चलते नए अवसर खुल रहे हैं। प्रौद्योगिकी ने सभी को समान अवसर प्रदान किए हैं, जिससे हर क्षेत्र के हर व्यक्ति को अवसर मिला है।"

ज्यादातर सफल स्टार्टअप कहानियां मजबूत उद्योग संबंधों के चलते संभव हुई हैं।

डॉ. सिंह ने बताया, "उदाहरण के लिए, अरोमा मिशन में सरकार ने लैवेंडर में कृषि स्टार्टअप में लगे लोगों की क्षमता निर्माण सुनिश्चित कर लैवेंडर से बने परफ्यूम और अन्य उत्पादों जैसे हिमालयी उत्पादों की बिक्री को बढ़ावा देने के लिए बाजार तक पहुंच की सुविधा प्रदान किया।"

केंद्रीय मंत्री ने कहा कि युवाओं को उस तकनीक का उपयोग करना चाहिए जिसने सामाजिक भलाई के लिए समान अवसर पैदा किए हैं।

डॉ. सिंह ने कहा, "पहले, टेक्नोलॉजी कुछ लोगों का विशेषाधिकार था।"

डॉ. जितेंद्र सिंह ने छात्रों से 2047 के भारत की नेतृत्वकारी भूमिका निभाने के लिए खुद को तैयार करने का आह्वान किया।

मंत्री ने कहा, "2047 में जब भारत अपनी स्वतंत्रता की शताब्दी पूरी करेगा, तो युवा ही विकसित भारत के निर्माता होंगे।"

उन्होंने कहा कि सरकार अपनी युवा पीढ़ी को नए कौशल से लैस करने के लिए अथक प्रयास कर रही है।

डॉ. जितेंद्र सिंह ने छात्रों के ज्यादा लाभ के लिए संस्थानों के बीच सहयोग और तालमेल बनाने की वकालत की।

Union Minister Jitendra Singh plants a sapling at IIM-Jammu. PTI

**Our Correspondent**  
Jammu, July 15

“Youth will be the architects of a developed India when it completes the centenary of its Independence in 2047,” Union Minister Jitendra Singh said on Monday while talking to reporters after addressing the inaugural session of the orientation programme for the fresh batch of MBA students of Indian Institute of Management (IIM) at its Jagti campus here.

Earlier addressing the students, Singh called upon the students to gear themselves up in order to take the leadership role of India of 2047. He said the government is making tireless efforts to equip its younger generation with new skills and training and world-class education to mould them into architects of a developed India.

The Union minister said start-ups require strong industry management linkage for their sustainability and institutions like IIM have an important role to play in it. Singh said most of the successful start-up stories have been possible due to strong industry linkages.

“For example, in Aroma mission, the government became an enabler by ensuring capacity building of those engaged in agri start-ups in lavender and facilitating the market access to spur sale of Himalayan products like lavender-made perfumes and other products,” he explained.

“Start-ups are booming and, as a result, new opportunities are opening. Technology has been a great leveller so that everybody from every region has an opportunity,” he said.

The minister said the youth must harness the technology which has created a level-playing field, for societal good while as earlier, the technology was a privilege of a few.

On IIM Jammu’s progress, Singh said in just a few years of its establishment, it has risen to become one of the better ones among the new lot of such premiere institutions of higher learning in the country. “Beginning from infancy, when we were finding difficulty even to find faculty, it has come a long way in its small journey,” he said.

He said the establishment of IIM Jammu is a significant step towards realising his dream of providing quality education and producing leaders who will drive the nation towards unprecedented growth and development to achieve the target of 'Viksit Bharat' by 2047.

Singh advocated for forging collaboration and synergy among institutions for greater benefit to their students. "The age of working in silos is over. The era of collaboration is here," the minister declared, encouraging IIM Jammu, AIIMS Jammu, IIT Jammu and Central University of Jammu to enter into partnership by inking MoUs on research and development and artificial intelligence.

Earlier upon his arrival, Dr Jitendra Singh took a tour of the state-of-the-art campus of IIM-Jammu alongside its Director Prof. BS Sahay and Director, AIIMS, Jammu, Dr Shakti Kumar Gupta. On the occasion, he planted a sapling.

Prime Minister Narendra Modi crossing 100 million followers on his X handle is a proud moment for the country, and he has emerged as a global statesman, Union minister Jitendra Singh said on Monday

Singh was speaking to reporters after addressing the inaugural session of the orientation programme for a fresh batch of MBA students at the Indian Institute of Management (IIM) at its Jagti campus in Jammu.

Asked about Modi crossing the 100-million mark on X the previous day, the minister of state in the prime minister's office (PMO) said everyone is proud of the milestone.

Earlier addressing the students, Singh called upon them to gear up in order to take the leadership role of India 2047. "Youth will be the architects of a developed India when it completes the centenary of its Independence in 2047," he said, adding the government is making "tireless efforts" to equip its younger generation with new skills and training and world-class education to mould them into architects of a developed India.

"National Education Policy 2020 brought by the prime minister will contribute to this goal," he said.

The Union minister said start-ups require strong industry management linkage for their sustainability and institutions like IIM have an important role to play in it. Singh

said most of the successful start-up stories have been possible due to strong industry linkages.

"For example, in Aroma mission, the government became an enabler by ensuring capacity building of those engaged in agri start-ups in lavender and facilitating the market access to spur sale of Himalayan products like lavender-made perfumes and other products," he explained.

The minister said tapping the Himalayan bio-resources and unexplored minerals along coastal areas can make great value addition to India's economy and boost *atma-nirbharta* (self-dependence). "India's coastal states and Himalayan states and UTs like J&K have a lot to offer to the country's future economy," he said.

Talking about the aspirational generation, the minister said better things are happening under the leadership of Modi. "Start-ups are booming and, as a result, new opportunities are opening. Technology has been a great leveller so that everybody from every region has an opportunity," he said.

The minister said the youth must harness the technology which has created a level-playing field, for societal good while as earlier, the technology was a privilege of a few.

On IIM Jammu's progress, Singh said in just a few years of its establishment, it has risen to become one of the better ones among the new lot of such premiere institutions of higher learning in the country. "Beginning from infancy, when we were finding difficulty even to find faculty, it has come a long way in its small journey," he said.

He said the establishment of IIM Jammu is a significant step towards realising his dream of providing quality education and producing leaders who will drive the nation towards unprecedented growth and development to achieve the target of 'Viksit Bharat' by 2047.

Singh advocated for forging collaboration and synergy among institutions for greater benefit to their students. "The age of working in silos is over. The era of collaboration is here," the minister declared, encouraging IIM Jammu, AIIMS Jammu, IIT Jammu and Central University of Jammu to enter into partnership by inking memorandums of understanding on research and development and artificial intelligence

Earlier upon his arrival, Dr Jitendra Singh took a tour of the state-of-the-art campus of IIM-Jammu alongside its Director Prof. BS Sahay and Director, AIIMS, Jammu, Dr Shakti Kumar Gupta. On the occasion, he planted a sapling.

## PM Modi's Vision Inspired Creation of IIM-like World-Class Institutions: Dr. Jitendra Singh

By [siliconindia](#) | Tuesday, 16 July 2024, 10:07:59 AM IST

**Prime Minister Narendra Modi's** commitment to education and his vision for a '**New India**' have been pivotal in inspiring the creation of world-class institutions akin to the **Indian Institutes of Management (IIM)**, according to Dr. Jitendra Singh, Union Minister of State (Independent Charge) for Science and Technology.

Speaking at the **Indian Institute of Management in Jagti**, on the outskirts of Jammu city, **Dr. Singh** emphasized the transformative impact of PM Modi's policies on India's aspirational generation. *"Startups are booming, and new opportunities are emerging. Technology has become a great leveller, providing opportunities to individuals from all regions"*, he remarked.

**Dr. Singh** highlighted the significant role of industry linkages in the success of startups. Citing the Aroma mission as an example, he noted how the government facilitated capacity-building for agri-startups in lavender and enhanced market access for Himalayan products like lavender-made perfumes.

The Union Minister urged the youth to harness the power of technology, which has democratized access and created a level-playing field. 'Earlier, technology was a privilege of a few', he pointed out.

Dr. Singh called upon students to prepare themselves for leadership roles in India by 2047, the centenary of its Independence. 'Youth will be the architects of a developed India', he said, emphasizing the government's efforts to equip the younger generation with new skills.

He also advocated for increased collaboration and synergy among educational institutions to maximize benefits for students. The minister's address underscored the ongoing efforts to position [India as a global leader in education](#) and innovation, driven by PM Modi's visionary leadership.

During his visit, Dr. Singh toured the state-of-the-art campus of IIM-Jammu, accompanied by its Director, Prof. B.S. Sahay, and Director of AIIMS, Jammu, Dr. Shakti Kumar Gupta. He also planted a sapling on the occasion.

Union Minister Dr Jitendra Singh

Start-ups require strong industry management linkage for their sustainability, said Union Minister Dr Jitendra Singh here on Monday. He said Institutions like IIM have an important role to play in it.

Addressing the inaugural session of the Orientation Programme for the fresh batch of MBA students of Indian Institute of Management (IIM) here, Dr Jitendra Singh said, most of the successful start-up stories have been possible due to strong industry linkages.

“For example, in Aroma mission, Government became an enabler by ensuring capacity building of those engaged in agri start-ups in lavender and facilitating the market access to spur sale of Himalayan products like lavender-made perfumes and other products,” he explained.

The Minister said, tapping the Himalayan bio-resources and unexplored minerals along coastal areas can make great value addition to India’s economy and boost ‘AtmaNirbharta’.

“India’s coastal states and Himalayan States/UTs like J&K have a lot to offer to the country’s future economy.”

Talking about the aspirational generation, Dr Jitendra Singh said, there are better times happening under Prime Minister Narendra Modi. He said Start-Ups are booming, and, as a result, new opportunities are opening.

“Technology has been a great leveller so that everybody from every region has an opportunity,” he stated.

The Union Minister said the youth must harness the technology which has created a level-playing field for societal goods. Earlier, technology was a privilege of a few, he pointed out.

Dr Jitendra Singh called upon the students to gear themselves up in order to take the leadership role of India of 2047.

“Youth will be the architects of a developed India when it completes the centenary of its Independence in 2027,” he said, adding that the government is making tireless efforts to equip its younger generation with new skills and training and world-class education to mould them into architects of a developed India.

“NEP 2020 brought by Prime Minister Modi will contribute to this goal,” he said.

On IIM-Jammu’s progress, Dr Jitendra Singh said, that in just a few years of its establishment, it has risen to become one of the better ones among the new lot of such premiere institutions of higher learning in the country.

“Beginning from infancy, when we were finding difficulty even to find faculty, it has come a long way in its small journey”, the Minister said.

“The establishment of IIM Jammu is a significant step towards realising his dream of providing quality education and producing leaders who will drive the nation towards unprecedented growth and development to achieve the target of Viksit Bharat by 2047,” he said.

Dr Jitendra Singh advocated for forging collaboration and synergy among institutions for greater benefit to their students. “The age of working in silos is over; the era of collaboration is here”, the Minister declared, encouraging IIM-Jammu, AIIMS-Jammu, IIT-Jammu and Central University of Jammu to enter into partnership by inking

MoUs on Research and Development and Artificial Intelligence.

Earlier upon his arrival, Dr Jitendra Singh took a tour of the state-of-the-art campus of IIM-Jammu alongside its Director Prof. BS Sahay and Director, AIIMS, Jammu, Dr Shakti Kumar Gupta. On the occasion, he planted a sapling.

Dr Jitendra Singh | Age of working in silos is over; era of synergy & collaboration

DR JITENDRA SINGH | AGE OF WORKING IN SILOS IS OVER; ERA OF SYNERGY & COLLABORATION

16/07/2024 PIB, StartUps

Start-ups require strong industry management linkage for their sustainability”, said Union Minister of State (Independent Charge) Science & Technology; MoS PMO, Personnel, Public Grievances, Pensions, Atomic Energy and Space, Dr Jitendra Singh . Addressing the inaugural session of the Orientation Programme for the fresh batch of MBA students of Indian Institute of Management (IIM) at Jagti on the outskirts of Jammu city, Dr Jitendra Singh said, the most of the successful start-up stories have been possible due to strong industry linkages. “For example, in Aroma mission, Government became an enabler by ensuring capacity building of those engaged in agri start-ups in lavender and facilitating the market access to spur sale of Himalayan products like lavender-made perfumes and other products”, he explained.

x

The Minister said, tapping the Himalayan bio- resources and unexplored minerals along coastal areas can make great value addition to India’s economy and boost ‘AtmaNirbharta’. “India’s Coastal States and Himalayan States/UTs like J&K have a lot to offer to the country’s future economy”.

Talking about the aspirational generation, Dr Jitendra Singh said, it is better times happening under Prime Minister Narendra Modi. He said Start-Ups are booming, and, as a result, new opportunities are opening. “Technology has been a great leveller so that everybody from every region has an opportunity”, he stated. The Union Minister said the youth must harness the technology which has created a level-playing field for societal good. Earlier, technology was a privilege of a few, he pointed out.

Dr Jitendra Singh called upon the students to gear themselves up in order to take the leadership role of India of 2047. "Youth will be the architects of a developed India when it completes the centenary of its Independence in 2027", he said, adding that the government is making tireless efforts to equip its younger generation with new skills and training and world-class education to mould them into architects of a developed India. "NEP 2020 brought by Prime Minister Modi will contribute to this goal", he said.

On IIM-Jammu's progress, Dr Jitendra Singh said, that in just a few years of its establishment, it has risen to become one of the better ones among the new lot of such premiere institutions of higher learning in the country. "Beginning from infancy, when we were finding difficulty even to find faculty, it has come a long way in its small journey", the Minister said. "The establishment of IIM Jammu is a significant step towards realizing his dream of providing quality education and producing leaders who will drive the nation towards unprecedented growth and development to achieve the target of Viksit Bharat by 2047", he said.

Dr Jitendra Singh advocated for forging collaboration and synergy among institutions for greater benefit to their students. "The age of working in silos is over; the era of collaboration is here", the Minister declared, encouraging IIM-Jammu, AIIMS-Jammu, IIT-Jammu and Central University of Jammu to enter into partnership by inking MoUs on Research and Development and Artificial Intelligence.

Earlier upon his arrival, Dr Jitendra Singh took a tour of the state-of-the-art campus of IIM-Jammu alongside its Director Prof. B.S. Sahay and Director, AIIMS, Jammu, Dr Shakti Kumar Gupta. On the occasion, he planted a sapling.

## Dr. Jitendra Singh Emphasizes Industry-Management Linkages for Start-Up Sustainability at IIM Jammu Orientation

Calling on the youth to prepare for leadership roles, Dr. Singh stated that they will be the architects of a developed India by 2047, marking the centenary of India's Independence.

[Devdiscourse News Desk](#) | New Delhi | Updated: 15-07-2024 20:02 IST | Created: 15-07-2024 20:02 IST

Dr. Singh underscored that many successful start-ups owe their achievements to strong industry connections. Image Credit: Twitter(@PIB\_India)

Addressing the inaugural session of the Orientation Programme for the new MBA batch at Indian Institute of Management (IIM) in Jagti, Jammu, Dr. Jitendra Singh, Union Minister of State (Independent

Charge) for Science & Technology, highlighted the critical importance of robust industry-management linkages for the sustainability of start-ups.

### **Key Highlights:**

#### **Industry Linkages Vital for Start-Ups:**

Dr. Singh underscored that many successful start-ups owe their achievements to strong industry connections.

He cited the Aroma Mission as an example where government intervention facilitated capacity building and market access for agri start-ups, particularly in lavender farming, enhancing the sale of Himalayan products.

#### **Role of Institutions like IIM:**

The Minister emphasized the significant role that institutions like IIM can play in fostering industry linkages.

He noted that tapping into Himalayan bio-resources and unexplored coastal minerals can significantly boost India's economy and contribute to the vision of 'AtmaNirbharta' (self-reliance).

#### **Opportunities for the Aspirational Generation:**

Dr. Singh highlighted the better opportunities available under Prime Minister Narendra Modi's leadership, with start-ups booming and new avenues opening.

He stressed the role of technology as a great leveller, providing equal opportunities to all regions.

#### **Vision for India 2047:**

Calling on the youth to prepare for leadership roles, Dr. Singh stated that they will be the architects of a developed India by 2047, marking the centenary of India's Independence.

He mentioned the government's efforts to equip the younger generation with skills, training, and world-class education, supported by the NEP 2020.

### **Progress of IIM Jammu:**

Dr. Singh praised the rapid development of IIM Jammu, noting its rise among the new premier institutions of higher learning in India.

He highlighted the significance of IIM Jammu in realizing the dream of quality education and leadership development, aiming for unprecedented growth and development by 2047.

### **Call for Collaboration:**

Advocating for collaboration among institutions, Dr. Singh declared the end of working in silos, encouraging partnerships between IIM-Jammu, AIIMS-Jammu, IIT-Jammu, and the Central University of Jammu.

He suggested inking MoUs on research, development, and artificial intelligence for mutual benefit.

During his visit, Dr. Singh toured the state-of-the-art campus of IIM-Jammu, accompanied by its Director, Prof. B.S. Sahay, and Director of AIIMS, Jammu, Dr. Shakti Kumar Gupta. He also planted a sapling on the occasion.

This orientation session marks a step towards equipping the next generation of leaders with the knowledge and skills necessary to drive India towards its future economic and technological goals.

## J&K's regional StartUp resources still not fully explored: Dr Jitendra

By **Daily Excelsior** July 16, 2024

Union Minister Dr Jitendra Singh addressing a programme at IIM Jagti, Jammu on Monday. - Excelsior/Rakesh

'PM has emerged as a global statesman'

### **Excelsior Correspondent**

JAMMU, July 15: Maintaining that Aroma Mission and Lavender StartUps in J&K have received boost under Prime Minister, Narendra Modi, Union Minister in PMO with independent charge of Science and Technology, Dr Jitendra Singh today asked the youth to avail the benefits of Start-Ups and become job providers instead of job seekers.

Addressing the inaugural session of the Orientation Programme for the fresh batch of MBA students of Indian Institute of Management (IIM) at Jagti on the outskirts of Jammu city, Dr Jitendra Singh said that PM Modi has a great passion for StartUps and he has mentioned that no country can provide Government jobs to its youth hence stress should be given on private jobs through StartUps which can be much lucrative than the Government jobs. He said J&K's regional StartUp resources still not fully explored till date but Government is not going to leave any opportunity in exploring them in next five years of Modi rule. Dr Jitendra Singh said that PM Modi has made special mention in his Mann Ki Baat Programme about the lavender cultivation in Bhaderwah which has now been taken up not only in other parts of J&K but the entire Himalayan region. The PM was so passionate about Lavender cultivation that one of its tableaux was included in Republic Day Parade.

The Union Minister said that even some professional youth are resigning their private sector jobs to launch the Start-Ups. He said under Modi Start-Ups grew so fast that in 2013 their number in country was only 350 which in last 10 years have crossed one lakh fifty thousand. Dr Jitendra Singh said that PM also entrusted the responsibility to Ministry of Science and Technology to take an initiative in this regard.

Dr Jitendra Singh later talking to reporters said Prime Minister Narendra Modi crossing 100 million followers on his X handle is a proud moment for the country and he has emerged as a global statesman.

Asked about Modi crossing the 100-million mark on X the previous day, the Minister said everyone is proud about the milestone.

"The kind of popularity he (Modi) enjoys across the world as the longest serving head of state, most of the other heads of state in other parts in fact look up to him for his advice... he has emerged as a global leader, a global statesman, a global counselor to the galaxy of other heads of State across the world," he said.

"StartUps require strong industry management linkage for sustainability", said Dr Jitendra Singh while addressing the students of IIM. He said institutions like IIM have an important role to play in this.

Dr Jitendra Singh said, the most of the successful Start-Up stories have been possible due to strong industry linkages. "For example, in Aroma Mission, Government became an enabler by ensuring capacity building of those engaged in Agri Start-Ups in Lavender and facilitating the market access to spur sale of Himalayan

products like Lavender-made perfumes and other products”, he explained. The Minister said, tapping the Himalayan bio- resources and unexplored minerals along coastal areas can make great value addition to India’s economy and boost ‘AtmaNirbharta’. “India’s Coastal States and Himalayan States/UTs like J&K have a lot to offer to the country’s future economy”.

Talking about the aspirational generation, Dr Jitendra Singh said, it is better times happening under Prime Minister, Narendra Modi. He said Start-Ups are booming, and, as a result, new opportunities are opening. “Technology has been a great leveller so that everybody from every region has an opportunity”, he stated.

The Union Minister said the youth must harness the technology which has created a level-playing field for societal good. Earlier, technology was a privilege of a few, he pointed out. Dr Jitendra Singh called upon the students to gear themselves up in order to take the leadership role of India of 2047. “Youth will be the architects of a developed India when it completes the centenary of its Independence in 2027”, he said, adding that the Government is making tireless efforts to equip its younger generation with new skills and training and world- class education to mould them into architects of a developed India. “NEP 2020 brought by Prime Minister, Modi will contribute to this goal”, he said.

On IIM-Jammu’s progress, Dr Jitendra Singh said, that in just a few years of its establishment, it has risen to become one of the better ones among the new lot of such premiere institutions of higher learning in the country. “Beginning from infancy, when we were finding difficulty even to find faculty, it has come a long way in its small journey”, the Minister said. “The establishment of IIM Jammu is a significant step towards realizing his dream of providing quality education and producing leaders who will drive the nation towards unprecedented growth and development to achieve the target of Viksit Bharat by 2047”, he said. ## IIM Jammu commences new academic year with holistic orientation programme

Dr. Jitendra Singh, MoS (Independent Charge) for Science & Technology and MoS, PMO being welcomed at IIM Jammu.

### GJ REPORT

**JAMMU, JUL 15:** The Indian Institute of Management (IIM) Jammu inaugurated its orientation programme for the incoming batches at its state-of-the-art campus in Jagti. The event welcomed the 5th Batch of Ph.D., the 3rd Batch of Ph.D. (WP), the 9th Batch of MBA, the 3rd Batch of MBA (HA&HM), and the 4th Batch of EMBA. Renowned Yoga Guru Shri Sahil Mehra led a yoga session to kick off the five-day holistic orientation programme. The yoga session, themed "Maximize Happiness and Mindfulness,"

aimed to set a positive tone for the new academic journey, focusing on the well-being and mindfulness of the students.

Chief Guest, Dr. Jitendra Singh, Minister of State (Independent Charge) for Science & Technology; MoS PMO, Personnel, Public Grievances, Pensions, Atomic Energy, and Space, Govt. of India, was given an extensive tour of the campus, including the state-of-the-art library, Nalanda and smart classrooms and also inaugurated the Orientation Programme. He also planted a Rudraksha tree on this momentous occasion.

Present on the momentous occasion were Dr. Milind. P. Kamble, Chairman, Board of Governors, IIM Jammu, Prof. (Dr.) Shakti Gupta, Director, AIIMS Jammu, Prof. Manoj Singh Gaur, Director, IIT Jammu, Prof. B.S. Sahay, Director, IIM Jammu during the inaugural ceremony. The first day featured sessions by R.R. Swain, Director General of Police (DGP), Jammu, Mekhla Sinha, Executive Director, GHRDC. There were also sessions chaired by faculty and officers of the Institute.

The day ended on a high note with the IIM Jammu Family Dinner, offering a wonderful opportunity for the new students to mingle with faculty and peers in a relaxed setting. IIM Jammu is committed to providing a supportive and enriching environment for its students, and the orientation program is a testament to this commitment. The institute eagerly looks forward to the contributions and achievements of the new batches in the years to come.

### IIM Jammu Commences New Academic Year with Holistic Orientation Program

HIMALAYAN MAIL NEWS  
JAMMU, JULY 15

The Indian Institute of Management (IIM) Jammu inaugurated its orientation program for the incoming batches at its state-of-the-art campus in Jagti. The event welcomed the 5th Batch of Ph.D., the 3rd Batch of Ph.D. (WP), the 9th Batch of MBA, the 3rd Batch of MBA (HA&HM), and the 4th Batch of EMBA. Renowned Yoga Guru Shri Sahil Mehra led a yoga session to kick off the five-day holistic orientation program. The yoga session, themed "Maximize Happiness and Mindfulness," aimed to set a positive tone for the new academic jour-

ney, focusing on the well-being and mindfulness of the students.

Chief Guest, Dr. Jitendra Singh, Hon'ble Minister of State (Independent Charge) for Science & Technology; MoS PMO, Personnel, Public Grievances, Pensions, Atomic Energy, and Space, Govt. of India, was given an extensive tour of the campus, including the state-of-the-art library, Nalanda, and smart classrooms. He also planted a Rudraksha tree on this momentous occasion and inaugurated the Orientation Program. Meanwhile, the new students had the opportunity to introduce themselves alongside the esteemed faculty members. Coordinated by Dr. Manu Bansal,

Chairperson, IPM, and Dr. Apurva, Co-Chairperson, Student Affairs, this session was crucial in fostering initial connections within the IIM Jammu community. The inaugural program commenced with Dr. Anuja Akhouri, Chairperson, Corporate Communication, IIM Jammu, serving as the master of ceremonies. The inauguration began with the traditional lighting of the lamp, followed by Saraswati Vandana performed by second-year students.

Chief Guest, Dr. Jitendra Singh, Hon'ble Minister of State (Independent Charge) for Science & Technology; MoS PMO, Personnel, Public Grievances, Pensions, Atomic Energy, and Space, noted

that IIM Jammu has quickly become one of the premier institutions of higher learning in the country. He remarked, "From struggling to find faculty in its early days, IIM Jammu now enrolls over 500 students each year. It has come a long way in a short time." He

emphasized that establishing IIM Jammu is a significant step towards realizing the dream of providing quality education and producing leaders who will drive the nation towards unprecedented growth, aiming for a developed India (Viksit Bharat) by 2047. He advocated for

collaboration and synergy among institutions for the greater benefit of their students. "The age of working in silos is over; the era of collaboration is here," he declared, encouraging IIM Jammu, AIIMS Jammu, IIT Jammu, and the Central University of Jammu to form partnerships through MoUs on Research and Development and Artificial Intelligence.

He highlighted the potential of tapping the Himalayan bio-resources and unexplored minerals along coastal areas to significantly boost India's economy and promote 'AtmaNirbharta' (self-reliance). He emphasized that India's Coastal States and Himalayan States/UTs, like J&K, have

much to offer for the country's economic future. Discussing the aspirations of the younger generation, he noted that better times are unfolding under Prime Minister Narendra Modi's leadership, with startups booming and creating new opportunities.

He stated, "Technology has been a great leveller, providing opportunities for everyone from every region." He urged the youth to harness technology for societal good, highlighting that it has created a level playing field, unlike in the past when it was a privilege of a few.

Dr. Milind Kamble, Chairman, BoG, IIM Jammu in his presidential address, delivered a compelling message to the new

students. He reminded them that they are the architects of their own destiny, emphasizing that their future is in their hands.

He encouraged the students to take charge of their journey, make bold decisions, and seize opportunities with confidence.

Prof. (Dr.) Shakti Gupta, Director, AIIMS Jammu, in his welcome address, emphasized the importance of empathy and genuine concern for well-being as students navigate the complexities of healthcare. He highlighted that while technical expertise and knowledge are crucial, the true essence of healthcare lies in the compassionate care provided to patients.

## Modi crossing 100 million followers on X proud moment: Dr Jitendra Singh

JAMMU, JUL 15: Prime Minister Narendra Modi crossing 100 million followers on his X handle is a proud moment for the country and he has emerged as a global statement, Union Minister Jitendra Singh said on Monday.

Singh was talking to reporters after addressing the inaugural session of the orientation programme for the fresh batch of MBA students of Indian Institute of Management (IIM) at its Jagti campus here.

Asked about Modi crossing the 100-million mark on X the previous day, the minister of state in the Prime Minister's Office (PMO) said everyone is proud about the milestone.

"The kind of popularity he (Modi) enjoys across the world as the longest serving head of state, most of the other heads of state in other parts in fact look upto him for his advice... he has emerged as a global leader, a global statement, a global counsellor to the galaxy of other heads of state across the world," he said.

Earlier addressing the students, Singh called upon the students to gear themselves up in order to take the leadership role of India of 2047.

"Youth will be the architects of a developed India when it completes the centenary of its Independence in 2047," he said, adding the government is making tireless efforts to equip its younger generation with new skills and training and world-class education to mould them into architects of a developed India.

"National Education Policy 2020 brought by the prime minister will contribute to this goal," he said.

The Union minister said start-ups require strong industry management linkage for their sustainability and institutions like IIM have an important role to play in it.

Singh said most of the successful start-up stories have been possible due to strong industry linkages.

"For example, in Aroma mission, the government became an enabler by ensuring capacity building of those engaged in agri start-ups in lavender and facilitating the market access to spur sale of Himalayan products like lavender-made perfumes and other products," he explained.

The minister said tapping the Himalayan bio-resources and unexplored minerals along coastal areas can make great value addition to India's economy and boost 'Atma-Nirbharta' (self-dependence).

"India's coastal states and Himalayan states and UTs like J&K have a lot to offer to the country's future economy," he said.

Talking about the aspirational generation, the minister said better things are happening under the leadership of Modi.

"Start-ups are booming and, as a result, new opportunities are opening. Technology has been a great leveller so that everybody from every region has an opportunity," he said.

The minister said the youth must harness the technology which has created a level-playing field, for societal good while as earlier, the technology was a privilege of a few.

On IIM Jammu's progress, Singh said in just a few years of its establishment, it has risen to become one of the better ones among the new lot of such premiere institutions of higher learning in the country.

"Beginning from infancy, when we were finding difficulty even to find faculty, it has come a long way in its small journey," he said.

He said the establishment of IIM Jammu is a significant step towards realising his dream of providing quality education and producing leaders who will drive the nation towards unprecedented growth and development to achieve the target of 'Viksit Bharat' by 2047.

Singh advocated for forging collaboration and synergy among institutions for greater benefit to their students.

"The age of working in silos is over. The era of collaboration is here," the minister declared, encouraging IIM Jammu, AIIMS Jammu, IIT Jammu and Central University of Jammu to enter into partnership by inking memorandums of understanding (MoUs) on research and development and artificial intelligence.

## DGP delivers lecture at IIM Jammu; shares his experiences and insights as practitioner of National Security Management

**GJ REPORT**

**JAMMU, JUL 15:** The Director General of Police, J&K, R. R. Swain, delivered a lecture at an orientation programme organized by the Indian Institute of Management (IIM) Jammu today. The event was coordinated by Dr. Mahesh Gadekar and Dr. Sumesh P.S.

Prof. B.S.Sahay, Director of IIM Jammu, Mekhla Sinha, Executive Director, GHRDC, Dr Sumil Gupta DIG JSK Range, IIM staff, Jurisdictional Police officers and galaxy of students were present on the occasion.

Speaking on the occasion, DGP J&K said that it is a privilege to share my thoughts, and opinion to the undeniably best brains at their age, experience and exposure. Sharing his valuable experiences and insights of over three decades as practitioner of national security management in a wide range of positions and responsibilities, DGP J&K emphasized upon the critical importance of clarity, especially in matters of national security. He stressed that clarity is paramount in mat-

ters of national security, as it directly impacts the safety and well-being of citizens. He highlighted instances where a lack of clarity led to unfortunate consequences, underscoring the need for clear communication and strategy in security operations.

DGP also shared his vision for a secure and prosperous Jammu and Kashmir, where citizens can live without fear. He emphasized the importance of collaboration between security forces, intelligence agencies, and the public in achieving this goal.

The lecture was attended by new batches of PhD full-time, PhD working professionals, MBA, MBA Hospital Administration and Healthcare Management, and EMBA students.

## Infiltration taking place from Punjab border, talks on to stem it: DGP

**■ STATE TIMES NEWS**

**JAMMU:** Jammu and Kashmir Director General of Police (DGP) R R Swain on Monday said an inter-state security meeting has deliberated on the new methods of infiltration by terrorists, who have been entering the state from the Punjab border.

"Some infiltration is taking place (through the border-line in Punjab) and it is a commonplace knowledge. We tried to deliberate between ourselves as to the new methods and the modus operandi they are adopting," Swain told reporters on the

sidelines of a function at Indian Institute of Management here.

"We also talked about tunnels. How to sort it out. We talked about how to address more effectively their use of tunnels to infiltrate," he said. Senior BSF and police officers had gathered at an

interstate security review meeting in Jammu and Kashmir's Kathua on Thursday, days after terrorists, who are believed to have infiltrated from across the International Border, ambushed an army patrol.

On the increase in terror attacks in J-K in the recent past, he said that the terrorists are not much in number in Kashmir, but that does not define the situation because they are unaccountable entities.

"I will give you the statistics. There are not many terrorists ... there are

**■ CONTD ON PAGE 9**

## Infiltration taking place...

only a few. But as I said, the situation is often not measured by the numbers. Because they are unaccountable entities," Swain said. "So even one unaccountable entity, an outside killing machine, or a man sent to kill, indiscriminately, without any connection to this land, with no purpose but to repeat the level of violence or increase it, is a challenge," the officer added.

Meanwhile, sharing his experiences and insights of over three decades as practitioner of national security management in a wide range of positions and responsibilities, DGP J&K emphasized upon the critical importance of clarity, especially in matters of national security.

He stressed that clarity is paramount in matters of national security, as it directly impacts the safety and well-being of citizens. He highlighted instances where a lack of clarity led to unfortunate consequences, underscoring the need for clear communication and strategy in security operations.

DGP also shared his vision for a secure and prosperous Jammu and Kashmir, where citizens can live without fear. He emphasized the importance of collaboration between security forces, intelligence agencies, and the public in achieving this goal.

The event was coordinated by Dr. Mahesh Gadekar and Dr. Sumesh P.S. Prof. B.S.Sahay, Director of IIM Jammu, Mekhla Sinha, Executive Director, GHRDC, Dr. Sunil Gupta DIG JSK Range, IIM staff, Jurisdictional Police officers and galaxy of students were present on the occasion.

The lecture was attended by new batches of PhD full-time, PhD working professionals, MBA, MBA Hospital Administration and Healthcare Management, and EMBA students.

## IIM Jammu Commences New Academic Year with Holistic Orientation Program

**REFUGEE MESSAGE BUREAU**

JAMMU, JULY 15

The Indian Institute of Management (IIM) Jammu inaugurated its orientation program for the incoming batches at its state-of-the-art campus in Jagti. The event welcomed the 5th Batch of Ph.D., the 3rd Batch of Ph.D. (WP), the 9th Batch of MBA, the 3rd Batch of MBA (HA&HM), and the 4th Batch of EMBA. Renowned Yoga Guru Shri Sahil Mehra led a yoga session to kick off the five-day holistic orientation program. The yoga session, themed "Maximize Happiness and Mindfulness," aimed to set a positive tone for the new academic journey, focusing on the well-being and mindfulness of the students.

Chief Guest, Dr. Jitendra Singh, Hon'ble Minister of State (Independent Charge) for Science & Technology; MoS PMO, Personnel, Public Grievances, Pensions, Atomic Energy, and Space, Govt. of India, was given an extensive tour of the campus, including the state-of-the-art library, Nalanda, and smart classrooms. He also planted a Rudraksha tree on this momentous occasion and

inaugurated the Orientation Program. Meanwhile, the new students had the opportunity to introduce themselves alongside the esteemed faculty members. Coordinated by Dr. Manu Bansal, Chairperson, IPM, and Dr. Apurva, Co-Chairperson, Student Affairs, this session was crucial in fostering initial connections within the IIM Jammu community. The inaugural program commenced with Dr. Anuja Akhouri, Chairperson, Corporate Communication, IIM Jammu, serving as the master of ceremonies. The inauguration began with the traditional lighting of the lamp, followed by Saraswati Vandana performed by second-year students.

Chief Guest, Dr. Jitendra Singh, Hon'ble Minister of State (Independent Charge) for Science & Technology; MoS PMO, Personnel, Public Grievances, Pensions, Atomic Energy, and Space, noted that IIM Jammu has quick-

ly become one of the premier institutions of higher learning in the country. He remarked, "From struggling to find faculty in its early days, IIM Jammu now enrolls over 500 students each year. It has come a long way in a short time." He emphasized that establishing IIM Jammu is a significant step towards realizing the dream of providing quality education and producing leaders who will drive the nation towards unprecedented growth, aiming for a developed India (Viksit Bharat) by 2047. He advocated for collaboration and synergy among institutions for the greater benefit of their students. "The age of working in silos is over; the era of collaboration is here," he declared, encouraging IIM Jammu, AIIMS Jammu, IIT Jammu, and the Central University of Jammu to form partnerships through MoUs on Research and Development and Artificial Intelligence.

## Strong industry connections needed to foster successful start-ups: Dr Jitendra

**Jammu, July 15:** "Start-ups require strong industry management linkages for their sustainability," Union Minister of State (Independent Charge) for Science and Technology, Dr Jitendra Singh said on Monday.

Addressing the inaugural session of the Orientation Programme for the new MBA cohort at the Indian Institute of Management (IIM) in Jagti here, Dr Singh said that institutions like IIM play a crucial role in fostering successful start-ups.

He said many successful start-up stories are the result of robust industry connections. He cited the Aroma Mission, where the government acted as an enabler by building capacity for those involved in agri-start-ups focused on lavender and facilitating market access for Himalayan products like lavender-based perfumes.

The minister remarked on the potential of tapping into Himalayan bio-resources and unexplored minerals along coastal areas to significantly enhance India's

economy and promote self-reliance, or "AtmaNirbharta". He said that India's Coastal and Himalayan states, including Jammu and Kashmir, have much to offer for the country's economic future.

Addressing the younger generation's aspirations, Dr Jitendra said that under Prime Minister Narendra Modi's leadership, start-ups are thriving, creating new opportunities. "Technology has levelled the playing field, allowing everyone, regardless of their region, to seize opportunities," he said.

He urged students to prepare for leadership roles as India approaches its centenary of independence in 2047, saying that the youth will be the architects of a developed India. "The government is committed to equipping the younger generation with skills, training, and world-class education," he said, adding that the National Education Policy (NEP) 2020 will contribute significantly to this goal.

On the progress of IIM-Jammu, the union minister

said that in a few short years, it has established itself as a leading institution among new higher education establishments in the country. "From its early days of struggling to find faculty, it has come a long way," he said, adding that the establishment of IIM Jammu is a key step towards providing quality education and nurturing future leaders to drive national growth.

Dr Singh also advocated for collaboration among institutions, saying, "The age of working in silos is over; the era of collaboration is here." He encouraged IIM-Jammu, AIIMS-Jammu, IIT-Jammu, and Central University of Jammu to partner on research and development initiatives and artificial intelligence projects.

Upon his arrival, Dr Singh toured the state-of-the-art IIM-Jammu campus alongside Director Prof B S Sahay and AIIMS Jammu Director Dr Shakti Kumar Gupta. He concluded his visit by planting a sapling on the campus.

## Terrorists unaccountable entities; challenge posed being tackled with full might: DGP

**Shuchismita**  
Jammu, July 15

Director General of Police (DGP) R R Swain Monday asserted that terrorists, though less in number, being unaccountable entities posed a security challenge yet it (challenge) was being and would be tackled effectively, with full might.

He stated that there was a spate in terror attacks because the adversary or enemy had been able to find a gap. It (gap) would be plugged through an effective blend of human and technology related intelligence.

DGP was responding to media queries on the sidelines of an event at IIM, Jammu.

Event related to the inauguration of orienta-

“ Adversary exploiting gap, leading to spate in attacks

“ Gap to be plugged with effective blend of human intel, technology

“ Pak had infiltrated civil society; regional parties facilitated

tion programme of the Indian Institute of Management (IIM) Jammu for the incoming batches at its state-of-the-art campus in Jagti to welcome the 5th Batch of PhD, the 3rd Batch of PhD (WP), the 9th Batch of MBA, the 3rd Batch of MBA (HA&HM), and the 4th Batch of EMBA.

“As I've reiterated earlier, the number of terrorists is not much. It is very less. But the lesser number, at times, cannot be the exact yardstick to assess the situation or reflect its gravity. Because they (terrorists) are unaccountable entities. Even a single unaccountable entity, an outside killing machine or a man sent to kill indiscriminately, without any connection to this land, » See **Terrorists...** on Pg-08

## Terrorists...

with no purpose but to revive and increase the level of violence, fear and terrorism, is a challenge," Swain said, when asked about the number of terrorists active in J&K witnessing spate in terror attacks.

With regard to a question about the purpose and outcome of recent joint inter-state security coordination meeting of top officers of BSF, JKP and Punjab Police held at District Police Lines, Kathua and facts behind apprehensions of terrorists infiltrating through Punjab border and entering J&K, DGP stated, "Some infiltration is taking place, it is a common-place knowledge. We tried to deliberate between ourselves about new methods and modus operandi they (terrorists) were adopting such as a little while ago we talked about tunnels. How do (can) we address that (challenge of tunnels) more effectively? There are certain things which are of operational confidentiality. But we tried to put our minds together to see that we have a response which will eventually work."

"So, it is only a question of time as I've been saying (that they will be effectively tackled). Suddenly there is a spate (in terror attacks) because the adversary or enemy has been able to find a gap. But we will plug the gap through human and technology related intelligence – a combination of both."

Earlier, the afternoon session of IIM orientation event featured an engaging talk by the Director General of Police (DGP), coordinated by Dr Mahesh Gadekar and Dr Suresh P S.

Prof B S Sahay, Director of IIM Jammu, Mekhla Sinha, Executive Director, GHRDC, Dr Sunil Gupta DIG JSK Range, IIM staff, Jurisdictional Police officers and galaxy of students were present on the occasion.

Swain delivered a powerful message emphasizing the critical importance of clarity, especially in matters of national security.

Sharing his valuable experiences and insights of over three decades as practitioner of national security management in a wide range of positions and responsibilities, DGP stressed that clarity was paramount in matters of national security, as it directly impacted the safety and well-being of citizens.

In his address, Swain, while delineating on the terror-ecosystem, mentioned that Pakistan successfully infiltrated all important aspects of civil society.

While reflecting upon the present scenario, DGP stated, "Many may argue that it's the fear of the State that kept people inside (their home). But believe me, this is not the whole truth. Full truth is that Pakistan successfully infiltrated all important aspects of civil society. Thanks to so-called mainstream or regional politics in the valley. There is overwhelming evidence to show that many had perfected the art of running with hare and hunting with the hound, which left both the common man and the security men bewildered, frightened and confused."

"Visiting the homes of killed terrorists and expressing sympathy in public was normal. While the elimination of new recruits in terrorism was allowed and tacitly encouraged, those who facilitated recruitment and arranged finances were never investigated. It was forbidden to go near Jamaat-e-Islami that provided religious and ideological justification to the perfidies of terrorists.... This was despite being an open secret that Jamaat was not only able to sabotage the government efforts to normalise the situation but also had a terror finance network that played a big role in mobilising street protests," DGP said.

"It was not even possible to counter those vilifying everything about the Indian State and its armed forces as a part of deliberate and systematic creation and propagation of false narratives, based on half-truths, out of context presentation of facts, malicious and selective propaganda. SP rank officers were arrested and put in jails alongside terrorists, for crimes they had never committed," he pointed out.

He stated that a lack of clarity could have dire consequences, potentially costing lives.

Swain highlighted instances where a lack of clarity led to unfortunate consequences, underscoring the need for clear communication and strategy in security operations.

In this connection, he referred to the 2014 drowning case, saying, "The drowning of two girls Neelofar and Asiya in 2014 was allowed to be hijacked by narrative terrorism who held the valley to ransom, hartals and rioting for many weeks. A very detailed investigation by the CBI and verified by the AIIMS forensic proved it was an accident," Swain stated.

"Things had come to such a pass that the so-called mainstream political parties had started cultivating leaders of terror networks and sometimes directly to further electoral prospects," he recalled.

DGP Swain stated that it was the unflinching stance and strategy of the Government of India and the armed forces, police and other law enforcement agencies backed by the population that put this dubious duplicity to an end and brought peace.

"It is a call at the highest level that the political and economical opportunities would no longer be the prerogative of the privileged few but would be available to all. This is one reason I believe that the streets (in the valley) are looking calm," he asserted.

DGP also shared his vision for a secure and prosperous Jammu and Kashmir, where citizens could live without fear. He emphasized the importance of collaboration between security forces, intelligence agencies, and the public in achieving this goal.

Swain stated that it was a privilege to "share his thoughts, and opinion to the undeniably best brains at their age, experience and exposure."

The lecture was attended by new batches of PhD full-time, PhD working professionals, MBA, MBA Hospital Administration and Healthcare Management, and EMBA students.

DGP also planted a Rudraksha tree on this momentous occasion.

## StartUps require strong industry linkage to sustain: Jitendra

**UNI**

**Jammu, July 15:** StartUps require strong industry management linkage for sustainability, said Union Minister, Dr Jitendra Singh here on Monday.

He said institutions like IIM have an important role to play in this.

Addressing the inaugural session of the Orientation Programme for the fresh batch of MBA students of Indian Institute of Management (IIM) at Jagti on the outskirts of Jammu city, Dr Jitendra Singh said, the most of the successful start-up stories have been possible due to strong industry linkages.

"For example, in Aroma mission, Government became an enabler by ensuring capacity building of those engaged

in agri start-ups in lavender and facilitating the market access to spur sale of Himalayan products like lavender-made perfumes and other products", he explained.

The Minister said, tapping the Himalayan bio-resources and unexplored minerals along coastal areas can make great value addition to India's economy and boost 'Atma Nirbharta'. "India's Coastal States and Himalayan States/UTs like J&K have a lot to offer to the country's future economy".

Talking about the aspirational generation, Dr Jitendra Singh said, it is better times happening under Prime Minister Narendra Modi. He said Start-Ups are booming, and, as a result, new opportunities are opening. "Technology has been a great leveller so that

everybody from every region has an opportunity", he stated.

The Union Minister said the youth must harness the technology which has created a level-playing field for societal good. Earlier, technology was a privilege of a few, he pointed out.

Dr Jitendra Singh called upon the students to gear themselves up in order to take the leadership role of India of 2047.

"Youth will be the architects of a developed India when it completes the centenary of its Independence in 2027", he said, adding that the government is making tireless efforts to equip its younger generation with new skills and training and world-class education to mould them into architects of a developed India. "NEP

2020 brought by Prime Minister Modi will contribute to this goal", he said.

On IIM-Jammu's progress, Dr Jitendra Singh said, that in just a few years of its establishment, it has risen to become one of the better ones among the new lot of such premiere institutions of higher learning in the country. "Beginning from infancy, when we were finding difficulty even to find faculty, it has come a long way in its small journey", the Minister said.

"The establishment of IIM Jammu is a significant step towards realizing his dream of providing quality education and producing leaders who will drive the nation towards unprecedented growth and development to achieve the target of Viksit

Bharat by 2047", he said.

Dr Jitendra Singh advocated for forging collaboration and synergy among institutions for greater benefit to their students. "The age of working in silos is over; the era of collaboration is here", the Minister declared, encouraging IIM-Jammu, AIIMS-Jammu, IIT-Jammu and Central University of Jammu to enter into partnership by inking MoUs on Research and Development and Artificial Intelligence.

Earlier upon his arrival, Dr Jitendra Singh took a tour of the state-of-the-art campus of IIM-Jammu alongside its Director Prof. B.S. Sahay and Director, AIIMS, Jammu, Dr Shakti Kumar Gupta. On the occasion, he planted a sapling.

## DGP J&K delivers lecture at IIM Jammu

### BK NEWS SERVICE

Jammu, July 15: The Director General of Police, J&K, Shri R. R. Swain, delivered a lecture at an orientation programme organized by the Indian Institute of Management (IIM) Jammu today. The event was coordinated by Dr. Mahesh Gadekar and Dr. Sumesh P.S.

Prof. B.S.Sahay, Director of IIM Jammu, Ms. Mekhla Sinha, Executive Director, GHRDC, Dr Sunil Gupta DIG JSK Range, IIM staff, Jurisdictional Police officers and

galaxy of students were present on the occasion.

Speaking on the occasion,

DGP J&K said that it is a privilege to share my thoughts, and opinion to the

undeniably best brains at their age, experience and exposure. Sharing his valuable experiences and insights of over three decades as practitioner of national security management in a wide range of positions and responsibilities, DGP J&K emphasized upon the critical importance of clarity, especially in matters of national security. He stressed that clarity is paramount in matters of national security, as it directly impacts the safety and well-being of citizens. He highlighted instances where a lack of clarity led to unfortunate

consequences, underscoring the need for clear communication and strategy in security operations.

DGP also shared his vision for a secure and prosperous Jammu and Kashmir, where citizens can live without fear. He emphasized the importance of collaboration between security forces, intelligence agencies, and the public in achieving this goal.

The lecture was attended by new batches of PhD full-time, PhD working professionals, MBA, MBA Hospital Administration and Healthcare Management, and EMBA students.

## ***StartUps require strong industry linkage to sustain : Dr Jitendra***

■ **NW REPORT**  
**JAMMU, JUL 15**

Prime Minister Narendra Modi crossing 100 million followers on his X handle is a proud moment for the country and he has emerged as a global statement, Union Minister Jitendra Singh said on Monday

Singh was talking to reporters after addressing the inaugural session of the orientation programme for the fresh batch of MBA students of Indian Institute of Management (IIM) at its Jagti campus here.

Asked about Modi crossing the 100-million mark on X the

previous day, the minister of state in the Prime Minister's Office (PMO) said everyone is proud about the milestone.

"The kind of popularity he (Modi) enjoys across the world as the longest serving head of state, most of the other heads of state in other parts in fact look upto him for his advice... he has emerged as a global leader, a global statement, a global counsellor to the galaxy of other heads of state across the world," he said.

Earlier addressing the students, Singh called upon the students to gear themselves up in

order to take the leadership role of India of 2047.

"Youth will be the architects of a developed India when it completes the centenary of its Independence in 2047," he said, adding the government is making tireless efforts to equip its younger generation with new skills and training and world-class education to mould them into architects of a developed India.

"National Education Policy 2020 brought by the prime minister will contribute to this goal," he said.

The Union minister said start-ups require strong industry management linkage for their sustainability and institutions like IIM have an important role to play in it.

Singh said most of the successful start-up stories have been possible due to strong industry linkages.

"For example, in Aroma mission, the government became an enabler by ensuring capacity building of those engaged in agri start-ups in lavender and facilitating the market access to spur sale of Himalayan products like lavender-made perfumes and other products," he explained.

The minister said tapping the Himalayan bio-resources and unexplored minerals along coastal areas can make great value addition to India's economy and boost 'Atma-Nirbharta' (self-dependence).

"India's coastal states and Himalayan states and UTs like J&K have a lot to offer to the country's future economy," he said.

Talking about the aspirational generation, the minister said better things are happening under the leadership of Modi.

"Start-ups are booming and, as a result, new opportunities are opening. Technology has been a great leveller so that everybody from every region has an opportunity," he said.

The minister said the youth must harness the technology which has created a level-playing field, for societal good while as earlier, the technology was a privilege of a few.

On IIM Jammu's progress, Singh said in just a few years of its establishment, it has risen to become one of the better ones among the new lot of such premiere institutions of higher learning in the country.

"Beginning from infancy, when we were finding difficulty even to find faculty, it has come a long way in its small journey," he said.

He said the establishment of IIM Jammu is a significant step towards realising his dream of providing quality education and producing leaders who will drive the nation towards unprecedented growth and development to achieve the target of 'Viksit Bharat' by 2047.

Singh advocated for forging collaboration and synergy among institutions for greater benefit to their students.

"The age of working in silos is over. The era of collaboration is here," the minister declared, encouraging IIM Jammu, AIIMS Jammu, IIT

**“India’s Aspirational Generation Is Going Through Better Times Under The Modi Government”, States The Union Minister Dr. Jitendra Singh.**

[tripurastarnews30](#) July 15, 2024 3 min read

**New Delhi, Delhi, 15th of July, 2024 :** “Start-ups require strong industry management linkage for their sustainability”, said Union Minister of State (Independent Charge) Science & Technology; MoS PMO, Personnel, Public Grievances, Pensions, Atomic Energy and Space, Dr Jitendra Singh here today.

He said Institutions like IIM have an important role to play in it.

Addressing the inaugural session of the Orientation Programme for the fresh batch of MBA students of Indian Institute of Management (IIM) at Jagti on the outskirts of Jammu city, Dr Jitendra Singh said, the most of the successful start-up stories have been possible due to strong industry linkages. “For example, in Aroma mission, Government became an enabler by ensuring capacity building of those engaged in agri start-ups in lavender and facilitating the market access to spur sale of Himalayan products like lavender-made perfumes and other products”, he explained.

The Minister said, tapping the Himalayan bio- resources and unexplored minerals along coastal areas can make great value addition to India’s economy and boost ‘AtmaNirbharta’. “India’s Coastal States and Himalayan States/UTs like J&K have a lot to offer to the country’s future economy”.

Talking about the aspirational generation, Dr Jitendra Singh said, it is better times happening under Prime Minister Narendra Modi. He said Start-Ups are booming, and, as a result, new opportunities are opening. “Technology has been a great leveller so that everybody from every region has an opportunity”, he stated.

The Union Minister said the youth must harness the technology which has created a level-playing field for societal good. Earlier, technology was a privilege of a few, he pointed out.

Dr Jitendra Singh called upon the students to gear themselves up in order to take the leadership role of India of 2047. “Youth will be the architects of a developed India when it completes the centenary of its Independence in 2027”, he said, adding that the government is making tireless efforts to equip its younger generation with new skills and training and world- class education to mould them into architects of a developed India. “NEP 2020 brought by Prime Minister Modi will contribute to this goal”, he said.

On IIM-Jammu’s progress, Dr Jitendra Singh said, that in just a few years of its establishment, it has risen to become one of the better ones among the new lot of such premiere institutions of higher learning in the country. “Beginning from infancy, when we were finding difficulty even to find faculty, it has come a long way in its small journey”, the Minister said. “The establishment of IIM Jammu is a significant step towards realizing his dream of providing quality education and producing leaders who will drive the nation towards unprecedented growth and development to achieve the target of Viksit Bharat by 2047”, he said.

Dr Jitendra Singh advocated for forging collaboration and synergy among institutions for greater benefit to their students. “The age of working in silos is over; the era of collaboration is here”, the Minister declared, encouraging IIM-Jammu, AIIMS-Jammu, IIT-Jammu and Central University of Jammu to enter into partnership by inking MoUs on Research and Development and Artificial Intelligence.

Earlier upon his arrival, Dr Jitendra Singh took a tour of the state-of-the-art campus of IIM-Jammu alongside its Director Prof. B.S. Sahay and Director, AIIMS, Jammu, Dr Shakti Kumar Gupta. On the occasion, he planted a sapling

# PM Modi's vision inspired the creation of IIM like world-class institutions: Dr Jitendra Singh

Jul 16, 2024, 10:05 IST

New Delhi, July 16 (IANS) Prime Minister Narendra Modi's commitment to education and his vision for a 'New India' have inspired the creation of IIM like world-class institutions, Dr Jitendra Singh, Union Minister of State (Independent Charge) for Science and Technology, has said.

Addressing the Indian Institute of Management (IIM) at Jagti on the outskirts of Jammu city, Dr Singh said India's aspirational generation is going through better times under the PM Modi government.

"Startups are booming and, as a result, new opportunities are opening. Technology has been a great leveller so that everybody from every region has an opportunity," the minister told the gathering.

Most of the successful startup stories have been possible due to strong industry linkages.

"For example, in the Aroma mission, the government became an enabler by ensuring capacity-building of those engaged in agri startups in lavender and facilitating the market access to spur the sale of Himalayan products like lavender-made perfumes and other products," Dr Singh explained.

The Union Minister said the youth must harness the technology which has created a level-playing field for societal good.

“Earlier, technology was a privilege of a few,” Dr Singh pointed out.

Dr Jitendra Singh called upon the students to gear themselves up in order to take the leadership role of India of 2047.

“Youth will be the architects of a developed India when it completes the centenary of its Independence in 2027,” the minister said, adding that the government is making tireless efforts to equip its younger generation with new skills.

Dr Jitendra Singh advocated for forging collaboration and synergy among institutions for the greater benefit of their students.

Earlier upon his arrival, Dr Jitendra Singh took a tour of the state-of-the-art campus of IIM-Jammu alongside its Director Prof. B.S. Sahay and Director, AIIMS, Jammu, Dr Shakti Kumar Gupta. On the occasion, he planted a sapling.

## **StartUps require strong industry linkage to sustain: Dr Jitendra**

**PM Crosses 100 Million Followers On X, Jitendra Calls It Proud Moment**

by [Press Trust of India](#)

[July 15, 2024](#)

Prime Minister Narendra Modi

**Jammu-** The number of Prime Minister Narendra Modi's followers on his X handle crossed the 100-million mark on Sunday, registering an impressive growth of nearly 30 million in the past three years, officials said. He is already the most followed head of government on the social media platform globally.

Singh was talking to reporters after addressing the inaugural session of the orientation programme for the fresh batch of MBA students of Indian Institute of Management (IIM) at its Jagti campus here.

Asked about Modi crossing the 100-million mark on X the previous day, the minister of state in the Prime Minister's Office (PMO) said everyone is proud about the milestone.

"The kind of popularity he (Modi) enjoys across the world as the longest serving head of state, most of the other heads of state in other parts in fact look upto him for his advice... he has emerged as a global leader, a global statement, a global counsellor to the galaxy of other heads of state across the world," he said.

Earlier addressing the students, Singh called upon the students to gear themselves up in order to take the leadership role of India of 2047.

"Youth will be the architects of a developed India when it completes the centenary of its Independence in 2047," he said, adding the government is

making tireless efforts to equip its younger generation with new skills and training and world-class education to mould them into architects of a developed India.

“National Education Policy 2020 brought by the prime minister will contribute to this goal,” he said.

The Union minister said start-ups require strong industry management linkage for their sustainability and institutions like IIM have an important role to play in it.

Singh said most of the successful start-up stories have been possible due to strong industry linkages.

“For example, in Aroma mission, the government became an enabler by ensuring capacity building of those engaged in agri start-ups in lavender and facilitating the market access to spur sale of Himalayan products like lavender-made perfumes and other products,” he explained.

The minister said tapping the Himalayan bio-resources and unexplored minerals along coastal areas can make great value addition to India’s economy and boost ‘Atma-Nirbharta’ (self-dependence).

“India’s coastal states and Himalayan states and UTs like J&K have a lot to offer to the country’s future economy,” he said.

Talking about the aspirational generation, the minister said better things are happening under the leadership of Modi.

“Start-ups are booming and, as a result, new opportunities are opening. Technology has been a great leveller so that everybody from every region has an opportunity,” he said.

The minister said the youth must harness the technology which has created a level-playing field, for societal good while as earlier, the technology was a privilege of a few.

On IIM Jammu's progress, Singh said in just a few years of its establishment, it has risen to become one of the better ones among the new lot of such premiere institutions of higher learning in the country.

“Beginning from infancy, when we were finding difficulty even to find faculty, it has come a long way in its small journey,” he said.

He said the establishment of IIM Jammu is a significant step towards realising his dream of providing quality education and producing leaders who will drive the nation towards unprecedented growth and development to achieve the target of ‘Viksit Bharat’ by 2047.

Singh advocated for forging collaboration and synergy among institutions for greater benefit to their students.

“The age of working in silos is over. The era of collaboration is here,” the minister declared, encouraging IIM Jammu, AIIMS Jammu, IIT Jammu and Central University of Jammu to enter into partnership by inking memorandums of understanding (MoUs) on research and development and artificial intelligence.

## **Clarity is paramount in matters of national security, as it directly impacts the safety and well-being of citizens: R.R Swain**

### **Details**

Written by: JK Monitor News Network

Category: [Headlines](#)

### **DGP J&K delivers lecture at IIM Jammu; shares his experiences and insights as practitioner of national security management**

**JAMMU:** The Director General of Police, J&K, Shri R. R. Swain, delivered a lecture at an orientation programme organized by the Indian Institute of Management (IIM) Jammu today. The event was coordinated by Dr. Mahesh Gadekar and Dr. Sumesh P.S. Prof. B.S.Sahay, Director of IIM Jammu, Ms. Mekhla Sinha, Executive Director, GHRDC, Dr Sunil Gupta DIG JSK Range, IIM staff, Jurisdictional Police officers and galaxy of students were present on the occasion.

Speaking on the occasion, DGP J&K said that it is a privilege to share my thoughts, and opinion to the undeniably best brains at their age, experience and exposure. Sharing his valuable experiences and insights of over three decades as practitioner of national security management in a wide range of positions and responsibilities, DGP J&K emphasized upon the critical importance of clarity, especially in matters of national security. He stressed that clarity is paramount in matters of national security, as it directly impacts the safety and well-being of citizens. He highlighted instances where a lack of clarity led to unfortunate consequences, underscoring the need for clear communication and strategy in security operations.

DGP also shared his vision for a secure and prosperous Jammu and Kashmir, where citizens can live without fear. He emphasized the importance of collaboration between security forces, intelligence agencies, and the public in achieving this goal. The lecture was attended by new batches of PhD full-time, PhD working professionals, MBA, MBA Hospital Administration and Healthcare Management, and EMBA students.

## “Start-ups require strong industry management linkage for their sustainability”: Dr Jitendra Singh

MaSS English 19 hours ago National Leave a comment

**Follow us on:**

“Start-ups require strong industry management linkage for their sustainability”, said Union Minister of State (Independent Charge) Science & Technology; MoS PMO, Personnel, Public Grievances, Pensions, Atomic Energy and Space, Dr Jitendra Singh here today.

He said Institutions like IIM have an important role to play in it.

Addressing the inaugural session of the Orientation Programme for the fresh batch of MBA students of Indian Institute of Management (IIM) at Jagti on the outskirts of Jammu city, Dr Jitendra Singh said, the most of the successful start-up stories have been possible due to strong industry linkages. “For example, in Aroma mission, Government became an enabler by ensuring capacity building of those engaged in agri start-ups in lavender and facilitating the market access to spur sale of Himalayan products like lavender-made perfumes and other products”, he explained.

The Minister said, tapping the Himalayan bio- resources and unexplored minerals along coastal areas can make great value addition to India's economy and boost 'AtmaNirbharta'. "India's Coastal States and Himalayan States/UTs like J&K have a lot to offer to the country's future economy".

Talking about the aspirational generation, Dr Jitendra Singh said, it is better times happening under Prime Minister Narendra Modi. He said Start-Ups are booming, and, as a result, new opportunities are opening. "Technology has been a great leveller so that everybody from every region has an opportunity", he stated.

The Union Minister said the youth must harness the technology which has created a level-playing field for societal good. Earlier, technology was a privilege of a few, he pointed out.

Dr Jitendra Singh called upon the students to gear themselves up in order to take the leadership role of India of 2047. "Youth will be the architects of a developed India when it completes the centenary of its Independence in 2027", he said, adding that the government is making tireless efforts to equip its younger generation with new skills and training and world- class education to mould them into architects of a developed India. "NEP 2020 brought by Prime Minister Modi will contribute to this goal", he said.

On IIM-Jammu's progress, Dr Jitendra Singh said, that in just a few years of its establishment, it has risen to become one of the better ones among the new lot of such premiere institutions of higher learning in the country. "Beginning from infancy, when we were finding difficulty even to find faculty, it has come a long way in its small journey", the Minister said. "The establishment of IIM Jammu is a significant step towards realizing his dream of providing quality education and producing leaders who will drive the nation towards unprecedented growth and development to achieve the target of Viksit Bharat by 2047", he said.

Dr Jitendra Singh advocated for forging collaboration and synergy among institutions for greater benefit to their students. “The age of working in silos is over; the era of collaboration is here”, the Minister declared, encouraging IIM-Jammu, AIIMS-Jammu, IIT-Jammu and Central University of Jammu to enter into partnership by inking MoUs on Research and Development and Artificial Intelligence.

Earlier upon his arrival, Dr Jitendra Singh took a tour of the state-of-the-art campus of IIM-Jammu alongside its Director Prof. B.S. Sahay and Director, AIIMS, Jammu, Dr Shakti Kumar Gupta. On the occasion, he planted a sapling.

Jammu, July 15: “Start-ups require strong industry management linkages for their sustainability,” Union Minister of State (Independent Charge) for Science and Technology, Dr Jitendra Singh said on Monday.

Addressing the inaugural session of the Orientation Programme for the new MBA cohort at the Indian Institute of Management (IIM) in Jagti here, Dr Singh said that institutions like IIM play a crucial role in fostering successful start-ups.

He said many successful start-up stories are the result of robust industry connections. He cited the Aroma Mission, where the government acted as an enabler by building

capacity for those involved in agri-start-ups focused on lavender and facilitating market access for Himalayan products like lavender-based perfumes.

The minister remarked on the potential of tapping into Himalayan bio-resources and unexplored minerals along coastal areas to significantly enhance India's economy and promote self-reliance, or "AtmaNirbharta". He said that India's Coastal and Himalayan states, including Jammu and Kashmir, have much to offer for the country's economic future.

Addressing the younger generation's aspirations, Dr Jitendra said that under Prime Minister Narendra Modi's leadership, start-ups are thriving, creating new opportunities. "Technology has levelled the playing field, allowing everyone, regardless of their region, to seize opportunities," he said.

He urged students to prepare for leadership roles as India approaches its centenary of independence in 2047, saying that the youth will be the architects of a developed India. "The government is committed to equipping the younger generation with skills, training, and world-class education," he said, adding that the National Education Policy (NEP) 2020 will contribute significantly to this goal.

On the progress of IIIM-Jammu, the union minister said that in a few short years, it has established itself as a leading institution among new higher education establishments in the country. "From its early days of struggling to find faculty, it has come a long way," he said, adding that the establishment of IIM Jammu is a key step towards providing quality education and nurturing future leaders to drive national growth.

Dr Singh also advocated for collaboration among institutions, saying, "The age of working in silos is over; the era of collaboration is here." He encouraged IIM-Jammu, AIIMS-Jammu, IIT-Jammu, and Central University of Jammu to partner on research and development initiatives and artificial intelligence projects.

Upon his arrival, Dr Singh toured the state-of-the-art IIM-Jammu campus alongside Director Prof B S Sahay and AIIMS Jammu Director Dr Shakti Kumar Gupta. He concluded his visit by planting a sapling on the campus.

Prime Minister Narendra Modi's commitment to education and his vision for a 'New India' have inspired the creation of IIM like world-class institutions, Dr Jitendra Singh, Union Minister of State (Independent Charge) for Science and Technology, has said.

Addressing the Indian Institute of Management (IIM) at Jagti on the outskirts of Jammu city, Dr Singh said India's aspirational generation is going through better times under the PM Modi government. Modi crossing 100 million followers on X proud moment: Union minister Jitendra Singh

Prime Minister Narendra Modi crossing 100 million followers on his X handle is a proud moment for the country and he has emerged as a global statement, Union Minister Jitendra Singh said on Monday

Singh was talking to reporters after addressing the inaugural session of the orientation programme for the fresh batch of MBA students of Indian Institute of Management (IIM) at its Jagti campus here.

Asked about Modi crossing the 100-million mark on X the previous day, the minister of state in the Prime Minister's Office (PMO) said everyone is proud about the milestone.

"The kind of popularity he (Modi) enjoys across the world as the longest serving head of state, most of the other heads of state in other parts in fact look up to him for his advice... he has emerged as a global leader, a global statement, a global counsellor to the galaxy of other heads of state across the world," he said.

Earlier addressing the students, Singh called upon the students to gear themselves up in order to take the leadership role of India of 2047.

"Youth will be the architects of a developed India when it completes the centenary of its Independence in 2047," he said, adding the government is making tireless efforts to equip its younger generation with new skills and training and world-class education to mould them into architects of a developed India.

“National Education Policy 2020 brought by the prime minister will contribute to this goal,” he said.

The Union minister said start-ups require strong industry management linkage for their sustainability and institutions like IIM have an important role to play in it.

Singh said most of the successful start-up stories have been possible due to strong industry linkages.

“For example, in the Aroma mission, the government became an enabler by ensuring capacity building of those engaged in agri start-ups in lavender and facilitating the market access to spur sale of Himalayan products like lavender-made perfumes and other products,” he explained.

The minister said tapping the Himalayan bio-resources and unexplored minerals along coastal areas can make great value addition to India’s economy and boost ‘Atma-Nirbharta’ (self-dependence).

“India’s coastal states and Himalayan states and UTs like J&K have a lot to offer to the country’s future economy,” he said.

Talking about the aspirational generation, the minister said better things are happening under the leadership of Modi.

“Start-ups are booming and, as a result, new opportunities are opening. Technology has been a great leveller so that everybody from every region has an opportunity,” he said.

The minister said the youth must harness the technology which has created a level-playing field, for societal good while as earlier, the technology was a privilege of a few.

On IIM Jammu’s progress, Singh said in just a few years of its establishment, it has risen to become one of the better ones among the new lot of such premiere institutions of higher learning in the country.

“Beginning from infancy, when we were finding difficulty even to find faculty, it has come a long way in its small journey,” he said.

He said the establishment of IIM Jammu is a significant step towards realising his dream of providing quality education and producing leaders who will drive the nation towards unprecedented growth and development to achieve the target of ‘Viksit Bharat’ by 2047.

Singh advocated for forging collaboration and synergy among institutions for greater benefit to their students.

“The age of working in silos is over. The era of collaboration is here,” the minister declared, encouraging IIM Jammu, AIIMS Jammu, IIT Jammu and Central University of Jammu to enter into partnership by inking memorandums of understanding (MoUs) on research and development and artificial intelligence.

Earlier upon his arrival, Dr Jitendra Singh took a tour of the state-of-the-art campus of IIM-Jammu alongside its Director Prof. B.S. Sahay and Director, AIIMS, Jammu, Dr Shakti Kumar Gupta. On the occasion, he planted a sapling
